ABOUT

MULTIDISCIPLINARY GRAPHIC DESIGNER

I create visual identities, campaigns, digital experiences and experimental visual systems across graphic design, branding, UI/UX, motion, 3D, image making and art direction. My practice combines typography, image making, composition, visual systems and digital experimentation to develop structured, contemporary and concept-driven design outcomes.

EXPERIENCE

FREELANCE

2024 -->

GRAPHIC DESIGNER

Graphic design and visual communication across branding, campaign design, print, digital experiences, UI/UX, motion, 3D, image making and art direction. Develop visual concepts, identity systems, typographic compositions, digital interfaces and campaign assets from concept through final execution.

FOCUS

Graphic Design / Visual Communication / Branding / Campaign Design / Print & Digital Design / UI/UX / Motion / 3D / Art Direction

SELECTED PRACTICE

UI/UX DESIGNER • 3D DESIGNER • VIDEO EDITOR

WORKS

ZESIS

BRANDING / GRAPHIC DESIGN

Acoustic System & Brand Identity Architecture. Identity architecture, visual language, typography and structured brand systems developed for an acoustic technology concept. Explores how a distinctive identity can translate across brand touchpoints, communication assets and digital applications while maintaining a consistent visual language.

MUS26

GRAPHIC DESIGN / MOTION

Experimental Typographic & Spatial Sound Identity. Experimental typography, spatial composition, image making, sound and motion developed as an energetic visual identity system. The project explores rhythm, scale, repetition and kinetic transitions to create a dynamic graphic language across static and time-based visual communication.

KIJGO

GRAPHIC DESIGN / DIGITAL

Graphic Design & Art Direction. Visual communication system combining typography, composition, image direction and digital applications. Developed a flexible visual language that connects campaign graphics, digital assets and editorial-style compositions through consistent hierarchy and art direction.

STDEED

GRAPHIC DESIGN / BRANDING

Streetwear Apparel Identity & Graphic System. Apparel identity, graphic language, typography and image direction developed as a cohesive streetwear visual system. The project combines expressive typography, bold compositions and cultural references to establish a recognizable identity across apparel, campaign and digital communication.

EMYSC

POSTER & PRINT / ART DIRECTION

Experimental Media & Graphic Print Archive. Experimental graphic compositions, typographic structures, print treatments and image-making studies. Explores visual rhythm, scale, texture and unconventional composition to create an experimental print language suitable for cultural and media-focused communication.

TEKZZO

POSTER & PRINT / GRAPHIC DESIGN

Exhibition Poster Series & Screen Print System. Modular typography, graphic composition and print-focused visual communication developed for exhibition contexts. The system explores repeatable layouts, typographic hierarchy, image treatment and screen-print aesthetics across a connected series of exhibition graphics.

TUKEET

POSTER & PRINT / GRAPHIC DESIGN

Poster & Print Visual System. Experimental poster compositions, image treatments and print-oriented graphic exploration. Developed a flexible graphic language using typography, contrast, composition and image-making techniques to produce visually distinctive communication across multiple print formats.

DISCIPLINES

BRANDING

IDENTITY / SYSTEM / CULTURE

Identity systems, logo architecture, typography, packaging and cohesive brand ecosystems. Develop structured visual identities with clear hierarchy, consistent applications and adaptable brand communication across formats.

GRAPHIC DESIGN

TYPE / IMAGE / COMPOSITION

Typography, editorial layouts, visual communication, campaigns and structured graphic systems. Combine type, image, composition and hierarchy to create clear, distinctive and concept-driven graphic communication.

POSTER & PRINT

PRINT / CAMPAIGN / CULTURE

Posters, exhibition graphics, publications, print collateral and campaign communication. Explore typography, image-making, composition and print treatments to develop expressive visual systems for physical media.

DIGITAL DESIGN

Digital campaigns, social systems, web visual content and screen experiences. Create scalable digital compositions, campaign assets and visual systems designed for contemporary screen-based communication.

SCREEN / SYSTEM / EXPERIENCE

UI/UX DESIGN

Interface architecture, UX flows, wireframes, prototypes and design systems. Translate visual design principles into structured interfaces with clear information hierarchy, interaction patterns and responsive layouts.

INTERFACE / FLOW / SYSTEM

MOTION DESIGN

Kinetic typography, motion identities, title cards and UI animation. Develop movement through timing, rhythm, transitions and compositional systems to extend static visual identities into time-based experiences.

TIME / RHYTHM / TRANSITION

3D DESIGN

3D artwork, modeling, materials, lighting, spatial visualization and interactive WebGL assets. Build digital objects and environments with attention to form, material, lighting, composition and real-time presentation.

SPACE / FORM / MATERIAL

IMAGE MAKING

Digital art, composites, textures, lighting and stylized visual treatments. Develop original imagery through compositing, manipulation, visual effects and controlled experimentation with color, texture and photographic elements.

IMAGE / COMPOSITION / EXPERIMENT

ART DIRECTION

Creative concepts, visual direction, moodboards and campaign stewardship. Establish coherent visual languages by connecting typography, imagery, composition, references and execution across multiple communication assets.

CONCEPT / LANGUAGE / STORY

TOOLS

DESIGN & GRAPHICS

Photoshop

CORE

 • Illustrator

CORE

 • InDesign

CORE

 • Canva • Affinity Designer • Affinity Photo • CorelDRAW

UI / UX & DIGITAL

Figma

CORE

 • Framer

CORE

 • Webflow

CORE

 • Sketch • Adobe XD • ProtoPie

MOTION & VIDEO

After Effects

CORE

 • Premiere Pro • Animate • Apple Motion • DaVinci Resolve

3D / REAL-TIME

Blender

CORE

 • Cinema 4D • Maya • 3ds Max • Houdini • Unreal Engine • Unity • Three.js • WebGL

AI / GENERATIVE

Midjourney • Adobe Firefly • Stable Diffusion • Runway • Kling AI • Luma AI

TECHNICAL SKILLS

FRONT-END DEVELOPMENT

HTML5 • CSS3 • JavaScript • ReactJS • NextJS • Responsive Web Design • Component-Based UI • Interactive Web Experiences • WebGL • Three.js

BACK-END & PROGRAMMING

NodeJS • ExpressJS • Python • Java • C • C++ • SQL • REST APIs • Object-Oriented Programming

DESIGN TECHNOLOGY

Design Systems • UI Architecture • Prototyping • Wireframing • Interaction Design • Visual Systems • Typography • Responsive Design • Digital Asset Production

3D / REAL-TIME / INTERACTIVE

Blender • Three.js • WebGL • Unity • Unreal Engine • 3D Modeling • Materials • Lighting • Real-Time Visualization • Interactive Experiences

DEVELOPMENT WORKFLOW

Git • GitHub • Linux • VS Code • Command Line • Version Control • Debugging • Browser Developer Tools

EDUCATION

B.TECH — COMPUTER SCIENCE & ENGINEERING

SRM INSTITUTE OF SCIENCE AND TECHNOLOGY

Chennai, Tamil Nadu, India

Computer Science • Software Development • Web Technologies • Databases • Computer Systems • Programming

JUN 2021—JUNE 2025

CGPA: 9.2
